User Testing and Feedback Form

Use this form during a real test of the application. The tester should complete it honestly after trying the app. Do not fill it with invented feedback.

Tester name or anonymous identifier: _____

Date of test: _____ Device / Android version: _____

Test performed

Search query entered: _____

What happened? _____

Feedback questions

1. Was the app easy to understand? Yes / No / Partly

Comments: _____

2. Did the search result appear relevant? Yes / No / Partly / Not tested

Comments: _____

3. Did you encounter an error or confusing behaviour? Yes / No

Details: _____

4. What improvement would you recommend?

_____

_____

Group member who observed the test: _____

Evidence captured (screenshot / notes): _____

Status: Blank template — genuine tester feedback still needs to be collected.
